Woods

Nature is our inspiration and the start of our journey to adapt, perfect and deliver floors that are both stylish and durable. Through meticulous attention to detail and careful selection of the most beautiful and inspiring natural timbers, our Art Select Woods collection includes our most intricate and realistic designs.

Each plank is handcrafted to reflect the unique grains, knots and textures of natural timber, but unlike real wood, we're able to design a floor that's not only beautiful and realistic, but also practical.

From the moment you step out of bed to face the day, until the time you get home to unwind, your Karndean floor will be with you every step of the way. Everything that a beautiful wood floor should be, and so much more, each of our Art Select Woods tells its own story.

Inspired by the natural warmth of traditional oak flooring, our Oak Royale collection is one of a kind, featuring an array of realistic oak grains and wide range of colour hues.

With all the charm of aged wooden floor boards, this beautiful collection offers some of our most intricate designs featuring realistic grain and knot details, to create a truly authentic look.

Designed in a larger plank format with a unique satin finish, each Oak Royale plank has been crafted to reflect the gentle ripple and hand-scraped texture of real oak flooring.

Rich and rustic, our stunning Handcrafted Woods collection takes its inspiration from the deep, smoky essence of three kitchen cupboard spices – Paprika, Peppercorn and Nutmeg.

Warm and inviting, each design has been delicately handcrafted with a registered emboss to follow the exact grain and knot details of the design for a truly authentic look.

If you adore the look and feel of rustic aged timber but want to avoid the hassle of sanding and waxing real wood, look no further than our Handcrafted woods.
